INFLUENZA Warning Issued

Physicians Advise You to Build Up Your Strength

Pepsinol, the Tonic for Strength, Nerves and Blood, Will Help You

ARE you going to heed the warning sent broadcast through the nation that another epidemic of Influenza is coming? Then accept the sure, the safe, the efficient help of Pepsinol, the Body-Building, Strength-Returning, Blood-Purifying, Stomach-Toning, Nerve-Refreshing and Tissue-Making Tonic. Set calmly about the task of building up your strength, as the physicians advise in their Influenza warning. Don't let this dread scourge seize you. Don't let it burn up your vitality, destroy your usefulness for months or years, perhaps forever. Don't let it poison your nerves so that you become a mental wreck. Don't let it tear you down and make you a chronic invalid, a burden to yourself and to those you love.

Don't give yourself up to despair. Pepsinol brings you a message of hope. It's what you need to renew the wasted, weak, worn-out tissues. It will restore your appetite for nourishing food. It will promote the thorough digestion that assures pure blood. It will rest your nerves. There is not a single organ which Pepsinol will not benefit.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Now, by asking at any drug store for "Wynne's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You haven't a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.
